

**Strategic Warning Staff**

ROOM 1C925, PENTAGON

DATE 12 March 1975

MEMO FOR

STAT

I spoke with Martin Packman,  
Bill Hyland's principal deputy. He said  
that much to some people's surprise  
Bill wants to have a man on the staff.  
The problem is finding someone who wants  
to come. He asked that we bear with them  
for awhile until they line someone up.
